VOL. 44, NUMBER 50

Eight Young Boys Charged With Auto, Store Robberies

Two gangs of youthful burglars—all 15 years of age and younger—were apprehended last week by Daly City police for allegedly pilfering automobiles and robbing stores.

One of the groups, comprising five young boys, admitted to police that they had pilfered 20 automobiles, mostly in San Francisco, and had stolen two children's bicycles and one tricycle from Daly City homes.

Search for the loot uncovered such articles as a woman's gold wrist watch; two diamond rings, and a man's overcoat. Most of the stolen goods have been recovered and returned to their owners.

Another group of three boys was arrested on a charge of stealing canned beer, cakes and ice cream from local markets. The beer was taken from Herscovitz Grocery Store on Parkview avenue, while the ice cream was stolen from the Spring Valley Market.

All eight of the youths were turned over to juvenile authorities in Redwood City.

California May Decide Election, Says Demo. Chief

It may well be the State of California which decides the trend of the nation in the coming national elections.

That was the statement made by United States Senator J. Howard McGrath, new chairman of the Democratic National Committee, at a reception in his honor at the Palace hotel January 5.

McGrath, who was completing a tour of California cities on a mission to bring union to the split Democratic party, was accompanied on the trip by Gael Sullivan, executive assistant, and John M. Redding, director of publicity for the national committee.

The reception, hosted by Mrs. Edward H. Heller, National Committeewoman from California, was attended by democrats from all parts of the Bay Area.

Julius F. Castelan, chairman of the San Mateo County Democratic Central Committee, and Frank Kent represented Daly City.

Gaggero Refuses Chairmanship Of C. S. Commission

Anthony Gaggero, Daly City councilman and local insurance broker, held the office of San Mateo County civil service commission chairman for several hours this week, unbeknown to him.

The councilman was elected to the commission chief's post at a meeting Monday, at which only three commission members were present. Notified of the honor on Tuesday, he turned down the chairmanship in favor of Albert H. Randall, who has been chairman since the commission was activated.

George N. Keyston, elected vice-chairman at the same meeting, also refused the job.

Election will be held again at the commission's next meeting.

'Know Your County' To Be Topic Of Republican Meet

The third in a series of programs on the theme, "Know Your County," will be presented to the San Mateo County Council of Republican women next Tuesday at the home of Mrs. Maud Eshleman, 105 Linden avenue, in Atherton.

Speaker will be John S. Cowgill, county probation officer, who will define the work of the probation department.

A business meeting at 2 p. m. will precede the 3 p. m. program. Mrs. Cleo Prineas is in charge of a committee for refreshments. The public has been invited to attend.

Judge Levies Fines On Peace Disturbers

Two persons paid fines in municipal court last Friday on charges of disturbing the peace. Both pleaded guilty as charged.

Anthony de Venzoni, 2766 Mission street, was fined \$25. Complaint was signed by Officer Arthur Linhares.

Renato Giorgi, Millbrae, paid a fine of \$25 for disturbing the peace, with an additional \$10 for drunkenness.

Three Men Hurt In Knife Fracas

A middle-aged South San Francisco laborer was awaiting trial on a double charge of disturbing the peace and assault with a deadly weapon today, as the result of a noisy fracas Saturday night on a Daly City street corner.

Three men were treated at Junipero Serra Hospital for knife wounds on their hands after the laborer was apprehended.

Henry Battle, 53, of 373 Victory avenue, South San Francisco, was charged with disturbing the peace in a complaint signed by Jack Hickey, bartender at the Central Club. Claude Pugh, of 54 Franklin avenue, South San Francisco, signed the assault complaint.

Battle is being held in the city jail in lieu of \$500 bail set by Municipal Judge William J. Sweeney.

The three men treated for knife wounds were Claude Pugh, Gus Sola, 21, of 147 Knowles avenue, and William Dillon, 23, of 123 Knowles avenue.

New Freeway Opens On Bayshore Hiway

A new stretch of highway, 5.1 miles in length, has been opened to traffic as one of the first steps in completion of the coming San Francisco - San Jose superhighway plan.

The new section was opened to traffic January 5, as patrolmen and South San Francisco policemen diverted cars from the old Bayshore highway to the new freeway between Broadway, Burlingame, and Colma creek, South San Francisco.

Total cost of construction of the new freeway was \$2,993,000, including installation of signal lights at Broadway, Millbrae, San Bruno, the airport turnoff and South San Francisco.

Dolwig Predicts Fight Over Senate Change Proposal

A political split between northern and southern California is expected over the proposal for reapportionment of senatorial representation now on the California ballot.

Explanation of the proposal was given last week by Assemblyman Richard Dolwig, addressing members of the San Mateo County Press Association.

Probably one of the biggest election fights in years, the assemblyman said, will result from the proposal. If passed, he stated, it would mean less representative power for the state's rural areas.

The measure now up for election will give both San Francisco and Los Angeles 10 senators each, where at present each city has only one. With 32 Los Angeles assemblymen now in congress, compared to eight for San Francisco, Dolwig said, the change in senatorial representation would give southern California control of both houses.

Six Local Boys In Model Auto Competition

Six Daly City boys are listed among youths from throughout the United States entered in the 1948 Fisher Body Craftsman's Guild competition for designing and building of model automobiles.

The Daly City entrants are: Harry E. Burns, 126 Santa Cruz; Graham Carter, 171 Los Banos; Charles W. Chambers, 153 Oliver; Harry W. Chambers, 153 Oliver; Bill R. Malaun, 585 Hanover, and Alfred F. Mattson, 201 Niantic.

The Craftsman's Guild is offering a total of \$65,000 in awards, including eight university scholarships, to the boys who design and build the best model cars this year. Entrants are between the ages of 12 and 20, and are divided into junior and senior divisions.

The Daly City entrants will compete first for the 14 state awards offered in California. The top junior and senior winners then will vie with other boys from neighboring states for regional honors, and 40 regional winners will receive free trips to the national Guild convention to compete for one of the eight university scholarships.

Deadline for shipment of models is July 1.

Rent Advisory Board 6 To Meet On Second Thur.

Rent Advisory Board No. 6 has changed its schedule, and in the future will meet only once a month, the second Thursday of each month at 1425 Mendell street.

The next meeting will be held on Thursday, February 12, 7 to 9 p. m., according to Dr. Lawrence Ludwigsen, chairman of the board.

"I'M THROUGH WITH IT, GOVERNOR!"

Every man, woman and child stricken with infantile paralysis is guaranteed care by the March of Dimes. Little Shirley K. Johnson, a victim of the disease, presents Governor Earl Warren, State Chairman of the appeal opening January 15th, with the cast she wore while recovering from the dread crippling.

County Offices To Remain Open Saturday Mornings

Proposed closing of the San Mateo County Courthouse offices on Saturday mornings was a dead issue last week with a decision by the board of supervisors to uphold the attorney general's ruling on the matter.

In regard to the four offices which have been operating with skeleton crews on Saturdays, Chairman Alvin S. Hatch said the board would confer with the department heads and suggest that they maintain full attendance. The health, social welfare, controller's and purchasing agent's offices are the departments in question.

Hatch said the board feels that all departments should work uniform hours.

Crocker P.T.A. To Serve Luncheon For Graduates

Final arrangements for a graduating class luncheon to be served January 28 by the Crocker P. T. A. were made Tuesday at the association meeting at the school.

Mrs. Carol Freeland will head the committee in charge.

Mrs. Ann Eason was elected to head a committee for the dessert which scheduled for 1 p. m. January 23.

Reports were given on the tuberculosis film and program presented for P. T. A. audiences by Dr. Charles Herrod.

Mrs. Frances Haussler and Mrs. Edna Mullen were commissioned to represent the group at the district meeting today in Burlingame.

Mrs. Louise Eliason's home, 123 Winchester street, will be the scene of an executive board and sewing meeting January 27.

Busy Social Season Is Being Planned By Woodrow P. T. A.

Woodrow Wilson Parent Teacher Association members are making ready this week for a crowded schedule of events which will start with the forthcoming graduation party and Valentine dance.

These two events were discussed Tuesday by the association's executive board, at a meeting at Mrs. Nellie Hacker's home. Mrs. Marjorie O'Chander and Mrs. Gretchen Olson were hostesses.

Committees for the social events as well as for the March bazaar and rummage sale will be named at the general P. T. A. meeting at the school January 20.

The next hot dog luncheon for school children will be served next Thursday.

Board members adjourned early to attend the tuberculosis film showing at the high school.

Manslaughter Is Martinelli Jury Verdict Monday

Reassured by a verdict of manslaughter submitted by a mixed jury Monday, Mrs. Margaret Martinelli, Colma housewife charged with the murder of her husband, "Big Eddie," last October, awaits sentence today in her cell at the county jail.

When the verdict was submitted Monday night, after only three hours' deliberation, Mrs. Martinelli asked for probation. Superior Judge A. R. Cotton set February 2 as the date for pronouncing sentence. Manslaughter carries a penalty of 1 to 10 years.

Five days of testimony by prosecution and defense witnesses, and angry exchanges between Fred Wyckoff, prosecuting attorney, and Alfred J. Hennessy, defense counsel, told conflicting stories of occurrences in the Martinelli household during months before the shooting.

Mrs. Martinelli had claimed that the shooting occurred after she spent the night trying to draw her husband out on the situation between another woman and himself.

The other woman was 21-year-old Mrs. Hazel Josephine Michelson, mother of two, who was accused during the trial of intimacy with "Big Eddie" while she lived at the Martinelli home.

Mrs. Martinelli claimed that the gun which fired the fatal bullet had gone off twice—once when her husband pushed her out of bed, and once when he waved his arm at her, frightening her.

The prosecution charged that Mrs. Martinelli deliberately shot her husband, after nagging him all night out of jealousy of an imaginary nature.

A string of 21 witnesses, including friends and acquaintances of the defendant, her son, her daughter-in-law, a psychiatrist, and a secretary in the district attorney's office painted conflicting pictures of both Mrs. Martinelli and her dead husband.

Edward Martinelli was described variously as a "lazy, idling boy" who lay in bed all day and had his beer brought to him, and an ordinary working man who was "merely fortunate" in not having to provide.

The jurors, six men and six women, delivered the verdict, "guilty of manslaughter," late Monday, after a period of less than three hours' debate. They termed Martinelli's death "accidental."

New Disease Threatens Crops On Colma Ranches

A new disease—its cause and remedy unknown to agriculture scientists—has been discovered in recent inspections of county crops, according to Agricultural Commissioner Max J. Leonard.

According to recent surveys, 21 ranches in the Colma area are among the ranches infected. The disease, Leonard said, affects cabbage, cauliflower, broccoli, brussels sprouts, kale, turnips, radish, kohlrabi and mustards.

Known only as "club root," the commissioner declared, the infection causes a heavy swollen condition of the roots, choking nutritional functions through inability of the plant to absorb nourishment. Failure to grow after half size, accompanied by wilting and lack of response to irrigation, are symptoms of the disease.

Until a more thorough study of the disease has enlightened us on its remedy, the commissioner advised, farmers should take every precaution to discourage its spreading.

His only recommendation was for growers to desist from obtaining seedlings from other growers, and to grow their own seedlings on sections of their ranches known to be free from infection.

Open House At Neville Motors Friday & Saturday

Whether you are in the market—at the moment—for a new truck, or just want to see what the new models look like, you have been invited to attend "open house" tomorrow and Saturday at the Neville Motors showrooms, 7360 Mission street, Colma.

Proprietors of Neville Motors have announced the arrival of new "bonus built" Ford trucks, built on new, modern, unsurpassed standards. They will be on display for you tomorrow (Friday) and Saturday—to see, to examine, and to drive.

Speeding, Improper Parking Are Main Traffic Violations

Violations of the speeding and parking ordinances brought the largest number of fines last week in traffic court.

A total of 12 fines were levied on speeding motorists:

Mike Fare, \$5; Guss Garibaldi, \$5; Everett Gaylord, \$7.50; Harry Hoskinson, \$5; Gordon Jurich, \$5; Frank Prescott, \$7.50; George Roche, \$5; Sally Wheatley, \$5; John Zimmer, \$5; William Flanagan, \$5; Robert Zahnd, \$5; and Frank Cademartori, two violations, \$17.50.

Fines ranging from \$1.50 to \$2.50 were exacted from these parking ordinance violators:

Frank Davis, two counts; Ernest Giomi, John Jansen, Harold McKenzie; Frank Fioche, Roddy Dowe, Frank Skinner and William Dillon.

George Andreadakis and Jack Pierce paid \$2.50 each for signal violations; W. C. Archard, a n d William Peterson each paid \$2.50 for violating hill-hold regulations; Lino Castiglioni and Arthur Lindauer paid \$2 fines for driving through arterial signals; Angelo Mico was fined \$2.50 on a charge of passing on a shoulder, and Theodore Strathis paid \$5 for driving on the wrong side of the road.

Jadwiga Curtin Murder Trial Set January 20

Jadwiga Curtin, pretty 20-year-old Polish war bride, will stand trial for the October 15 murder of George Conner, Palo Alto credit man, before Superior Judge Edmund Scott, January 20.

Trial date was set by the judge last week, after he had told attorneys he didn't want any drawn-out delays. Mrs. Curtin will be represented by Wayne Millington, a Redwood City attorney, who is hoping for a dismissal of a robbery charge against the defendant.

Millington said he expects a decision from the appellate court by January 26 on the robbery count, in which Jadwiga's companion, Howard Durham of Redwood City, also figured. Durham will be brought to trial on the robbery charge February 3.

Register Now For Coming Elections, County Clerk Says

"While we have had an unprecedented number of elections in San Mateo county during 1947, an off-election year, we are faced with more than ever in 1948," County Clerk W. H. Augustus said today.

These elections start in April and include fire districts, municipal (excepting the City of San Mateo), school districts, the presidential and direct primary, sanitary districts and the general election. Other special elections in districts and municipalities not presently scheduled will undoubtedly be called by the various governing boards.

Thousands of persons whose registrations were cancelled for failure to vote at 1946 primary and general elections in addition to new residents who are eligible to vote but have failed to register will be unable to cast their ballots unless they become properly registered. Also, those persons who have moved or those who do so prior to stated elections must re-register at their new addresses in order to become qualified electors.

Registration closes 40 days prior to any given election. Therefore, voters must be registered by February 14 to be qualified to vote at fire district elections, by March 4 for the city elections, by April 10 for school district elections and on or before April 22 for the consolidated-presidential and direct primary.

Mr. Augustus added, "Why not take the necessary steps now to become properly registered and protect the heritage accorded the populace of this nation and state. Delay may preclude the possibility of your being able to vote at some election in which you are or should be vitally interested."

Some 150 deputies are located conveniently throughout the entire county. These include all the city clerks' offices and the names of others in your locality will be supplied upon inquiry to the Election-Registration Department, Court House, Redwood City.

"Avoid delay—register now," Augustus concluded.

Girl Scouts Buy Stamps To Finance Sum. Camp

Scout camp savings stamps and 1948 calendars, two fund-raising projects being carried on by the Girl Scouts of Troop 2, occupied the children's attention last week.

Approximately \$6.25 worth of savings stamps were sold at their Thursday meeting. In a game session after the meeting, "hot handkerchiefs" and "20 questions" were played.

Jane Kennedy provided piano accompaniment for group singing.

SPECIAL MEETING IS CALLED TO INVESTIGATE 'GATE CLOSING' PROBLEM

Bodien Urges Expansion Through Annexation

At the present rate of construction in Daly City, no unimproved lots will be left in the incorporated area in three years.

That prediction was voiced Monday night by Arthur J. Bodien, city building inspector, in his annual report to the city council.

"My urgent plea of a year ago (that Daly City expand) still stands," Bodien said. "It should be the thought of all to expand through annexation, or remain a walled city forever."

A total of 338 permits—223 of them for dwellings—was issued during the year 1947, according to Bodien's report. These, based on a total builders' value of \$1,570,652, included 74 more dwellings than 1946, with a value greater by \$411,712.

The report: Dwellings, \$1,163,190; Alterations, \$58,750; Commercial, \$348,712.

P.T.A. To Serve At Senior Ball

As a part of their service to students at Jefferson High school this year, the high school Parent Teacher Association will serve at the senior ball January 23.

Mrs. Stella Jensen and Martha Linder, who have been commissioned to carry out the project, announced their plans last Thursday at the executive board meeting at Mrs. Tina Hollingsworth's home in Colma.

Announcement was made by Mrs. Hobbs, president of the district meeting in Burlingame, today. Roll call was to begin at 9:30 a. m.

Mrs. Stella Jensen, chairman for the Founders' Day program February 17, announced a meeting of all unit presidents and Founders' Day chairmen at 2 p. m. yesterday at Mrs. Hobb's home, No. 8 Risei street.

An invitation was forwarded by Mrs. Frances Haussler to attend a showing of tuberculosis educational films in the school auditorium Tuesday.

Mrs. Stella Jensen and Mrs. Ann Eason, co-hostesses, assisted the hostesses with the serving of a luncheon before the meeting.

Three More Days For Vaccination Of Animal Pets

The free animal clinic for examination and vaccination of animal pets will remain open Friday, Saturday and Sunday for convenience of Daly City and Colma pet owners.

The clinic, sponsored by the San Mateo County Department of Public Health and Welfare, has been open this week at the Colma Fire House at Market street and First avenue.

Dr. John T. Morris, V.D.M. of the White and Morris Dog Hospital of San Bruno, is director of the clinic.

The clinic will be open from 9 a. m. to 6 p. m. Friday and Saturday, and from 9 a. m. to 12 noon, Sunday.

TWO JIMA FLAG HERO URGES BUDDIES TO SPEND WISELY, SAVE WISELY NOW

Manchester, N. H.—Here is Rene Gagnon, one of three survivors of immortal flag raising scene on Mt. Suribachi three years ago, as he is today, a textile worker, who is saving up for new home and education for his son by accumulating nestegg of United States Savings Bonds through Payroll Savings Plan. The inset shows Gagnon in marine uniform as he was on his return to the United States, pointing himself out in famed scene to Marine General Robert L. Denley.

HOW BUSY?

The public may feel that congressmen don't work very hard, and in some individual instances this may be true. But the congressional scorecard for 1947 shows that the lawmakers as a whole did more than twiddle their thumbs. Well over 6,700 bills were introduced. Of these about 1600 came out of committee and were considered by one or both houses. More than 500 of them became law. Congress also had to pass on approximately 40,000 nominations of one kind or another.

MARINES ON THE MOVE

Although attempts have been made to play down the sending of 1,000 tank-equipped American marines to the Mediterranean, there can be little doubt that they were dispatched there for reasons other than "routine assignments." With the situation in Italy and Greece still uncertain in spite of recent Communist failures in both countries, the presence of the American marines will serve as a further indication to Moscow that we are in the Mediterranean to stay, at least until the immediate threat of Communist domination in that area has passed. The Kremlin will not miss the significance of our move and our State Department is well aware that it will not. Incidentally, due to the great reduction of British naval forces in the Mediterranean as an economy measure, the United States is now the dominant sea power there. It's a distinction we would like to get rid of very soon, but from all indications our responsibilities in that strategic area are more likely to increase than diminish. That means we will have to continue to "show the flag."

A NEW CYCLE

Most Westerners want to forget about football until next fall. They have at least two reasons for feeling that way: 1. The season is over. 2. The sad results of the Rose Bowl and East-West Shrine games. But lest they feel too badly they might consider the view of some sportswriters who are not too utterly pessimistic about the situation. These writers point out that the West is now on the wrong end of the football cycle. The caliber of play is down in this area just when it is at its peak in the Big Nine conference. Things should start to improve for the West before long. (They can't get much worse.) The West has won most of the Shrine games, and not many years ago the West won so frequently in the Rose Bowl that sportswriters from other sections of the country complained that it was virtually impossible for a team to travel across the continent, undergo the sudden change in climate and still make a good showing. It's a different story now — much too different to suit the West. But next season is another season and Michigan can't keep the same team forever.

PRAYER: THE NATION'S NEED

"The greatness of America—the future of our nation—depends on all of us. America's destiny rests in the hands of every individual, regardless of race and creed, in every town and city throughout the nation.

"During the recent years, major crime has been on the upswing. At the end of the last year, age 17 led all other age groups in arrests for serious crimes. More and more children are being led towards crime as parents throw away responsibility. Selfishness is often the keynote of the day, and materialism the inspiration for living. God, in many instances, is not accepted in the home, and concepts of morality have been relegated to the junk heap.

"Can a nation exist void of all religious thought and action? Can we have internal peace without morality? Can we build homes without God, or have worthy parents who do not know and practice His teachings? The key to these problems — to life itself — is God. He is man's first need — his final goal.

"My hope for the future of this nation is predicated upon the faith in God which is nurtured in the family. No outside influence of a constructive nature can overcome the lack of a guiding light in the home, and the spark of this light must be the knowledge of God; the fuel must be the strength of prayer.

"There is no better way of doing our part for home life in America than by reestablishing the daily practice of family prayer in our homes, because families that pray together, stay together."

(From a recent radio talk by J. Edgar Hoover, chief of the F.B.I.)

EUROPE'S UNDERGROUND

Europeans undoubtedly thought that when the war was over the underground system developed in countries under Hitler's heel would vanish because it would no longer be needed. But Europe's underground today is still operating on a large scale. To be sure, Hitler is gone but other oppressive forces have arisen to take his place, and the underground is helping people to escape these forces. You may have wondered, for instance, how such large numbers of persons have escaped from the Russian zone of Germany into the British and American zones. You may have wondered too, how so many Zionists from all over Europe have made their way through the Balkans and other countries on their journey to Palestine. It's all part of the underground activity. This activity is said to include an extensive radio hook up, a photoengraving plant where documents can be quickly duplicated or altered as the need may be, and a transportation system that has proven highly effective in carrying passengers to their destination — in spite of the police. The war may be over on the surface, but not underground.

Kay Marie Erickson To Wed R. E. Schene In Jan. 31 Rites

The Fritz Erickson household in Burlingame is a busy one this month — what with final preparations for the January 31 wedding of Kay Marie, one of the five charming Erickson daughters, to Robert Edward Schene.

Showers and fetes, last fittings for the attendants, and such occupations combine to fill the hours with never-ending activity.

The bride-to-be, daughter of the Daly City bank manager and prominent Burlingame figure, has planned a white formal ceremony for the last of the month. Nuptials will be performed in the Old St. Mary's church in San Francisco, with a formal reception in the Burlingame Women's Club. Guests will be numerous at one of the first and finest peninsula weddings of the year. Kay's uncle and aunt, Mr. and Mrs. Harold Wike, already have arrived from Oslo, Norway, for the occasion.

A graduate of Burlingame High school, the bride-elect took her first two years at San Mateo Junior College before going on to "Cal," where she lived at Stern Hall. She is an active member of Epsilon Alpha sorority of Hillsborough and Burlingame.

The future-benedict, son of Mrs. L. E. Schene and the late Mr. Schene, also was graduated from Burlingame High. Upon his release from the navy, after a year's service in the Pacific theater, he took over management of the L. E. Schene Livestock Commission company in San Francisco. Robert and his brother Don now are co-managers of the company.

Members of the wedding party will be Mrs. Joseph O'Malley Jr., matron of honor for her sister; Miss Doris Mae Erickson, maid of honor, and Misses Patricia Dunn, Greta Erickson and Sonja Erickson, bridesmaids; Don Schene, best man, and James Schene, Jerry Kennedy, Joseph O'Malley Jr., and Jack Christopher, ushers.

Peter Dormoys Return From Peninsula Visit

Mr. and Mrs. Peter Dormoy returned this week from a visit to Menlo Park, where they were guests of the Charles Browns, former Daly City residents.

Greetings were sent by Brown to all his former associates in the Daly City Fire Department.

The Dormoys also visited Mr. and Mrs. Jack Nuttall, son-in-law and daughter of Mr. and Mrs. Brown, at their home in East Palo Alto.

Few Cars in Japan

At the end of 1940 only about 140,000 cars were registered in Japan, consisting of 64,000 trucks, 27,000 busses, 43,000 passenger cars, and about 7,000 smaller cars.

Reveal Betrothal Of Inez Chelone, John Fitzgerald

Betrothal of a Colma girl and a former Daly City man was revealed this week by Mr. and Mrs. Thomas Fitzgerald, parents of the future benedict.

The engaged couple are John Michael Fitzgerald and Inez Chelone, daughter of the James Chelones of Colma. Inez said "yes" on Christmas day.

John, a graduate of Jefferson High School, where he was active in sports, now lives with his parents in San Bruno. A veteran of more than two years in the navy, he is presently employed as an apprentice plumber. He attended San Mateo Junior College for a year after release from the service.

Inez, who works in the board of health office at Colma, also is a graduate of Jefferson High.

The wedding is tentatively set for June.

Sizeable Increase In Papers, Fees Shown By Recorder

An increase over December, 1946, of more than 6,000 legal papers and well over \$3,000 in fees was shown on the December books of T. C. Rice, county recorder, it was revealed this week.

According to Rice's figures, 5,252 papers were handled through his office in December, 1947, as compared with 4,615 in the corresponding month of 1946.

Similarly, a total of \$14,106.60 was collected in fees during December, 1947, compared to \$8,721.25 in last month of 1946.

The 1946 registration for marriage licenses, however, took a drop the next year. Only 107 license registrations were recorded, compared to 132 during December, 1946.

Royal Neighbors Sewing Club Has Social Night

Members of the Royal Neighbors of America sewing club enjoyed a social meeting Tuesday night at the home of Mrs. Annie Smith, 187 Irvington street.

A brief business session preceded the social hour was presided over by Mrs. Faye Nielsen. Mrs. Johanna Hedvall and Mrs. Smith served refreshments while the women played cards.

Also present at the meeting were Mesdames Nellie Allen, Jerry Allen, Grace Coolish, Laurette Bertelli, Edna Huggard, Anna Romer, Marie Rucker, Helen Sperht, Elizabeth Sorensen, Marie Thompson, Lillian Thomey, Agnes Wood, Laura McKenzie, Rhoda Rachor and Mae Miller.

The group will meet next at the home of Mrs. Lillian Gray, 81 Whittier street, February 10.

FIRE FIGHTERS FACTS

By Mel Hanson
Publicity Chairman

Vol. 1, No. 19

Chief's Annual Report

Here is the annual report from the Daly City Fire Chief to the city council, which covers the fire department's activities for the year of 1947.

January 5, 1948
The Honorable City Council
Daly City, California
Gentlemen:

The following report submitted for the year 1947, covers the fire department activities for this period.

Out of a total of 162 alarms received during 1947, 128 were pulled in from the street boxes, 25 were telephoned into the police department and transmitted from there, and 9 were still alarms taken care of without a box being turned in.

False Alarms	55
Grass Fires	52
House Fires	25
Automobile & Motorcycle Fires	10
Fire Alarm Trouble	5
Finch Fires	4
Bus and Street Car Fires	3
Clean Highway Details	3
PG&E Power Pole Fires	2
Handball Court Fires	2
Hornet Nest	1
Radio Fire	1

Total 162

The above total does not include full department drills of which there are four a year, company drills which average 75 a year, or special detail assignments such as Recreational Department fire safety patrols.

The estimated value of fire losses in Daly City for the year 1947 was approximately \$17,335.00. The Daly City per-capita fire loss based on the 1947 records shows a per-capita fire loss considerably lower than the national figure.

Sincerely Yours,

(Signed) J. E. KENNEDY
Chief Daly City Fire Department
Average Family's Share
Of Fire Destruction \$26.42

Direct losses by fire in 1947 will probably soar to an unprecedented \$700,000,000, or 23 per cent higher than last year's \$561,000,000 losses. The first nine months of 1947 already are 23 per cent higher than last year.

This \$700,000,000 fire loss, if apportioned equally among America's 60 million jobholders, would cost each wage-earner \$11.66.

In U.S. cities fire protection costs about \$3.69 per capita according to the President's Conference on Fire Prevention. Thus public protection against fire would cost each family of four a total of \$14.76.

Adding \$11.66 to \$14.76 equals \$26.42, the average family's share in the direct cost of fire and the

protection made necessary by the threat of fire.

This only covers the direct costs of destructive fire; the indirect costs, which include losses of business, credit, medical expenses, and other factors, which can only be estimated, cost the nation two to three times the direct property loss.

Company No. 6 Horse Shoe Court Near Completion

In August, 1947, the late Assistant Chief Silicani started a horse shoe course in back of Company 6 fire station, with the help of a few members. Chief Silicani passed away before the course was completed, but the members made a vow that they would complete the course in his honor. Silicani devoted much of his spare time planting lawn, making the courts and running electric lights over the courts, so the firemen can play at night. The courts are a masterpiece and the firemen of Company 6 are proud of them.

Doesn't Prove a Thing, Boys

Statistics prove that although the female is supposed to be the modest of the species, in the excitement of a fire she always grabs her purse first, while the male nabs his pants and gets into 'em before he dashes to safety. Comment: A woman is more naked without her makeup than without clothes; therefore she grabs up the nearest thing that contains that makeup, and that's her purse, naturally!

Real Estate Man Dies In San Mateo

George Hoag, Daly City real estate broker, died last week in a San Mateo hospital after a month's illness. He was 76.

The deceased, a native of Bloomfield, California, made his home at 582 San Diego avenue. He had resided in Daly City for 30 years.

Survivors include his widow, Malvina; a daughter, Mrs. Carolina E. Johnson, of Daly City; three grandchildren, Gloria, Robert and Joan Johnson; three sisters, Helen, Edith and Aletha Hoag, and a brother, Edwin Hoag.

Funeral services were held last Saturday from the chapel of W. C. Lasswell and Co. mortuary. Inurnment was in Cypress Lawn Memorial Park.

City Team Bows To Eagles, Shamrocks; Now Tie For First

The Daly City nine dropped two out of 11 Winter League Baseball games to erstwhile weaker contenders, December 28 and January 11, giving up its lead to tie for first place in the league lineup.

The last game of 1947—a contest with Buzz's Shamrocks — was the first letdown after the city team's nine straight winning streak. The boys collected 10 hits, but failed to get more than two runs in.

It ended up 8-2, with Krahn, Gainer and Hazel batting two for four.

The first game of the new year went similarly, with the city boys trailing, 5-4, behind the Eagles.

Again, the Daly City team got 13 hits, but batted home only four. Sylvestri, Sick, Luca, Pizzola and Hazel accounted for the runs, with Pizzola missing another homer by only a few feet.

Judge Cunningham Tells Candidacy For Mogan's Job

Municipal Judge Leo A. Cunningham of San Francisco this week announced his intention to be a candidate June 1 for the superior court position now held by Judge Edmund P. Mogan.

In making his announcement, the judge said: "I have great respect for Judge Mogan and for his outstanding judicial career. His long and colorful career has merited for him an opportunity for retirement at a substantial sum. I trust this announcement of my candidacy will provide the impetus for Judge Mogan's acceptance of the retirement to which he is entitled."

The 51-year-old jurist, presiding judge of municipal court, is a native of San Francisco. He received his B.A. degree from St. Mary's College, and his law from Hastings.

San Mateo Jaysee News Column

Winning four straight games in the Modesto Tournament, San Mateo Junior College basketball players won the state championship over the week end. The Mateans, coached by Ray Baisley, defeated Grant, Marin and Menlo jaysees to win a chance at the finals. Going up against the Visalia Tartars, the Matean Bulldogs won the title with a 53 to 45 score.

This Friday evening the squad will open its home conference season by playing host to Napa Jaysee in the Baldwin Street gym. From then on the Mateans will be playing conference games only, except for a tilt with the Stanford Frosh.

The Associated Women Students of the college will hold their "dressed dress" dance this Friday night at the Green Hills Country Club in Millbrae. Elmer Vincent Jr. and his band will play for dancing from nine 'til twelve.

January 18 the college Bit and Spur club will sponsor a horse show, with the girls competing for prizes. A tea at the Chukker will follow the show.

Adults are still enrolling in the evening courses which have just started the winter quarter. More courses and sections are being offered than at anytime in the past, and men and women can easily find sections of interest and value to them.

CHEVROLET and ONLY Chevrolet IS FIRST!

FIRST in PRODUCTION, in SALES and REGISTRATIONS of cars and of trucks...

FIRST in Passenger Car Production in 1947—according to published production figures.

FIRST in Truck Production in 1947—according to published production figures.

FIRST in Passenger Car Sales in 1947—according to incomplete but conclusive sales records.

FIRST in Truck Sales in 1947—according to incomplete but conclusive sales records.

FIRST to Produce over a Million Cars and Trucks in a postwar year, 1947—according to published production figures.

FIRST in Total Passenger Car Production and Sales for the total 17-year period, January, 1931 to January, 1948—according to published nation-wide figures.

FIRST in Total Truck Production and Sales for the total 17-year period, January, 1931 to January, 1948—according to published nation-wide figures.

FIRST in Total Number of Cars and Trucks on the road today—according to official nation-wide registrations.

WE, YOUR LOCAL CHEVROLET DEALER—and every other Chevrolet dealer in America—are both proud and happy to make the following report to buyers and prospective buyers of Chevrolet products. Again in 1947, Chevrolet built and sold more cars and more trucks than any other maker in the industry, just as Chevrolet has built and sold more cars and more trucks than any other maker for the total seventeen-year period, dating from January, 1931 to January, 1948—the modern period of motor car history.

Naturally, we as well as the Chevrolet Motor Division of General Motors are deeply grateful for America's outspoken preference for Chevrolet passenger cars and trucks; and we are determined to do everything in our power to continue to deserve this preference in the future as in the past. We want to thank each and every person in this community for his friendship and goodwill for this organization. We solicit and appreciate your patronage. We are doing our level best to prove that, by filling orders for new Chevrolets just as promptly as we can—even under today's trying conditions—and we are deeply and doubly appreciative of the patience and understanding of all our customers who are awaiting deliveries of new Chevrolets. Needless to say, you buy wisely when you buy the product of the world's largest producers of cars and trucks, for that is the way to maximum dollar value! Rest assured that we'll fill your order for a new Chevrolet just as soon as it is humanly possible to do so. Meanwhile, please let us help to keep your present car or truck in good running condition by bringing it to us for skilled service, now and at regular intervals.

MARCH OF DIMES

The annual drive for funds to be used in the fight against infantile paralysis is now on.

The American people will most certainly respond, as usual, with their dimes and dollars to this appeal. The money collected, it should be remembered, is used to aid all persons regardless of who they are or where they live in these United States.

Open your heart, open your purse—and give.

Ripe Hay
The protein content of hay can be increased as much as 6 to 10 per cent if it is cut at the right time.

Level States
The three most level states in the Union are Louisiana, Delaware and Illinois.

Need More Milk
Families with annual incomes of over \$5,000 consume only three-fourths as much milk as they need.

Patent Leather Shoes
Patent leather shoes should not be worn in very cold weather because it makes them brittle.

Jockey Club Gift Brings Community Chest Over The Top

Promise of a \$7,500 gift from the California Jockey Club has put the San Mateo County Community Chest over the top, according to Captain Lorne McAloney, executive secretary.

The contribution, McAloney said, was pledged by William P. Kyne, general manager of the jockey club and operator of Bay Meadows race course. The new receipt will facilitate the payment to participating agencies their approved operating budgets in full.

Navy General Line School To Open At Monterey, Feb. 26

The inaugural class of the new navy general line school at Monterey, California, will convene February 26 with about 500 regular navy officer transferees reporting for duty under instruction. Half of the enrollees will be naval aviators.

Educational facilities of the school will be principally in the Del Monte hotel, which is presently leased by the navy. Congress has authorized the purchase of the hotel and other property in Monterey, but as yet no money has been appropriated for that purpose.

All transferred general line and general aviation duty officers, from the rank of ensign through commander, are required to take the ten-month course at sometime in their naval careers, and are assigned as available. It is anticipated that all transferees will have completed the course at the Monterey school or at its East Coast counterpart, the General Line School at Newport, Rhode Island, within seven years.

MOTOR VEHICLE PRODUCTION UP
United States plants rolled a total of 4,790,000 motor vehicles from their assembly lines during 1947, reports the National Automobile Club. This figure is 55 per cent higher than that of 1946 and is a civilian vehicle total exceeded only by that of 1937 and 1929.

COMPLEXITY OF LIFE
All persons are likely to exhibit mild neurotic symptoms when life becomes too complex and difficult, according to the Encyclopaedia Britannica.

Benjamin Franklin To Be Modernized, New Manager Says

A change in management of the Benjamin Franklin hotel in San Mateo, and immediate plans for extensive modernization of the building was announced last week by the Major Hotel Corporation, which operates 19 hotels throughout the country.

Lease of the hotel was sold by budgets in full. Final count of the monies contributed showed the drive had netted half of one per cent above its quota.

Pray for Rain
In late July or early August of each year the Hopi Indians of north-eastern Arizona stage their annual snake dances with live, poisonous reptiles. This is the Hopi's way of praying for rain—and drenching downpours almost invariably follow.

Barney Vandersteen, of Los Angeles. Ownership remains in the hands of Dr. Harry C. Warren of Belmont, who paid more than \$1,000,000 for its purchase a year ago.

Erwin S. Best, new manager, has announced that modernization of the hotel will start immediately, and that plans for regular Saturday night dances are being considered.

News Column For The Veterans

The Veterans Administration medical service in the Branch 12 area (California, Arizona, Nevada and Hawaii) cares for an average of more than 12,500 patients a day in VA hospitals, contract hospitals and domiciliary homes.

Under the law, admission of veterans to VA hospitals is based on a "priority" system.

First priority for admission is given to emergency cases.

Second only to emergency cases on the priority list are veterans with "service-connected" disabilities. These are veterans with injuries or diseases caused or made worse by their service in the armed forces. "Service connection" is established when a veteran files a claim with the Veterans Administration and the subsequent check of his service records and physical exam reveal the disease or injury was incurred in the service.

Veterans with "non-service connected" diseases or disabilities, if they do not need emergency care, can be admitted to a hospital only if a bed is available and if they cannot afford treatment elsewhere.

Of the total number of patients treated by the Veterans Administration each day approximately 29 per cent are service connected cases and approximately 71 per cent are non-service connected.

In addition to hospitalization, veterans with service connected injuries or diseases are entitled to treatment in VA out-patient clinics and, in some cases, by private doctors. Out-patient treatment is not available to veterans with non-service connected disabilities.

Question: May a veteran receive full subsistence payments from Veterans Administration if he works while attending school under the G.I. Bill?

Answer: He may work part-time or full-time and still draw his full subsistence allowance, provided that the wages he earns for such employment, plus his subsistence

allowance while attending school, does not total more than \$175 if he has no dependents, or \$200 a month if he has dependents.

Question: If I decide to give up the course of training I am taking under the G.I. Bill, do I have to notify the Veterans Administration of my action?

Answer: You should not quit your course of education or training without notifying or obtaining approval of the VA regional office handling your claim. This is necessary so that if you have not exhausted your entitlement, you may qualify for further training.

Israel, 67 Los Banos avenue.

3 p.m.—
Regular meeting, Brownie Troop No. 15, 32 San Pedro avenue.

3:30 p.m.—
Regular meeting, Girl Scout Troop No. 14, No. 4 firehouse, Peoria street.

3:30 p.m.—
Regular meeting, Cub Den No. 7, Pack No. 141, No. 5 firehouse, Oliver and Bellevue.

3:30 p.m.—
Regular meeting, Girl Scout Troop No. 2, 101 Parkview avenue.

7 p.m.—
Auto Mechanics class, Jefferson Union High school, 6996 Mission street.

8 p.m.—
Regular meeting, Daly City Post No. 410, American Legion, Legion hall, 474 San Diego avenue.

8 p.m.—
Meeting, Women's Civic club, at the home of Mrs. Maisie Boyle, 131 Winchester street.

KEEP WINDSHIELD CLEAN

The low visibility that produces many automobile mishaps is due to nothing more than neglecting to wipe off the windshield, according to the public safety department of National Automobile Club. Motorists should not leave this important job entirely to the filling station attendant.

IT'S AUTOMATIC TOO

"There is one automatic device about the car that most motorists do not know about," states L. G. Evans, general service manager for National Automobile Club. "It is the arrangement of the accelerator so that the carburetor feed valve opens at a slower rate during the first stages of pedal depression. The purpose served is that of assuring steadier fuel feed during starting."

allowance while attending school, does not total more than \$175 if he has no dependents, or \$200 a month if he has dependents.

Question: If I decide to give up the course of training I am taking under the G.I. Bill, do I have to notify the Veterans Administration of my action?

Answer: You should not quit your course of education or training without notifying or obtaining approval of the VA regional office handling your claim. This is necessary so that if you have not exhausted your entitlement, you may qualify for further training.

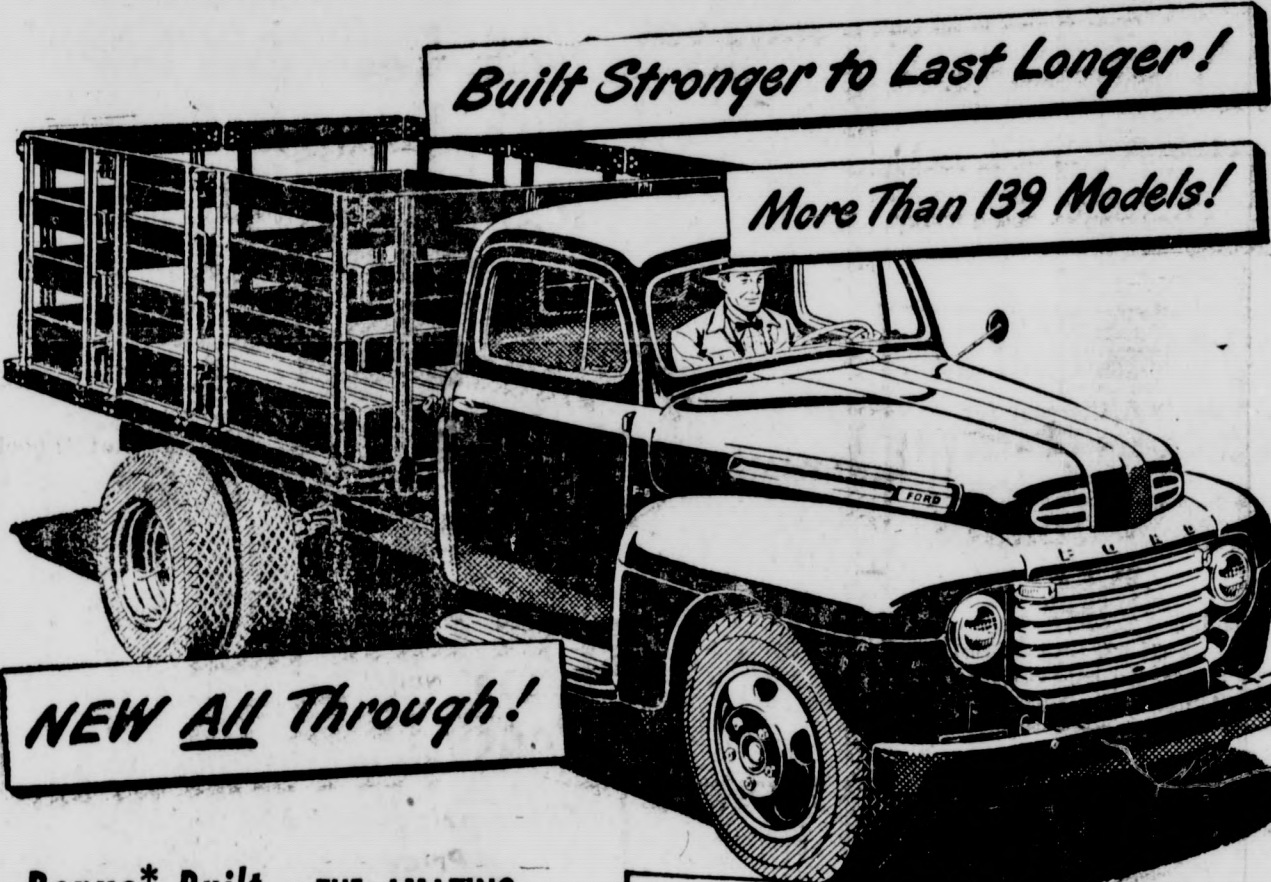

"THE UNSUSPECTED"

Joan Caulfield and celebrated newcomer Michael North, in Warner Brothers' "The Unsuspected," Sunday, Monday and Tuesday, January 18, 19 and 20 at the Daly City Theatre. Also "Black Gold."

Brand NEW for '48

FORD ^{Bonus*} Built TRUCKS

Bonus* Built — THE AMAZING RESULT OF AN ENGINEERING PRINCIPLE THAT ASSURES WIDER USE, LONGER LIFE . . . and ONLY Ford Trucks Have It!

EVERY single one of the great new Ford Trucks for '48 are Bonus Built . . . designed and built with extra strength in every vital part! But that's only part of this vital truck engineering principle . . .

This extra strength provides WORK RESERVES that pay off for truck operators in two important ways:

● FIRST, these WORK RESERVES give Ford Trucks a greater range of use by permitting them to handle loads beyond the normal call of duty. Ford Trucks are not limited to doing one single, specific job!

● SECOND, those same WORK RESERVES permit Ford Trucks to relax on the job . . . to do their jobs easier, with less strain and less wear. Thus, Ford Trucks last longer because they work easier!

Yes, Ford Trucks for '48 are Bonus Built . . . built stronger to last longer! That's why they give their owners wider use and longer life! That's why life insurance experts can certify proof that Ford Trucks last up to 19.6%

Only the New Ford Bonus Built Trucks Give You All These Big Advancements!

NEW! 3 New Engines . . . up to 145 h.p.! Brand new Six . . . 2 brand new V-8's! Packed with advancements that give you real performance! Proved Ford reliability and thrift!

Governor Warren To Be Guest At Real Estate Meet

Governor and Mrs. Earl Warren and California Real Estate Commissioner and Mrs. Hubert Scudder will be among guests attending the 14th Annual Installation Banquet of the Real Estate Association of San Francisco Thursday night, January 29, at the Palace hotel.

At the affair Max F. Robinson, prominent real estate broker, will receive the president's gavel from outgoing President Walter Gordon. Other officers to be installed include Allan F. Mori, first vice president; Anthony E. Maggio, second vice president; Frank O. Renstrom,

MOONLIGHT RAINBOWS

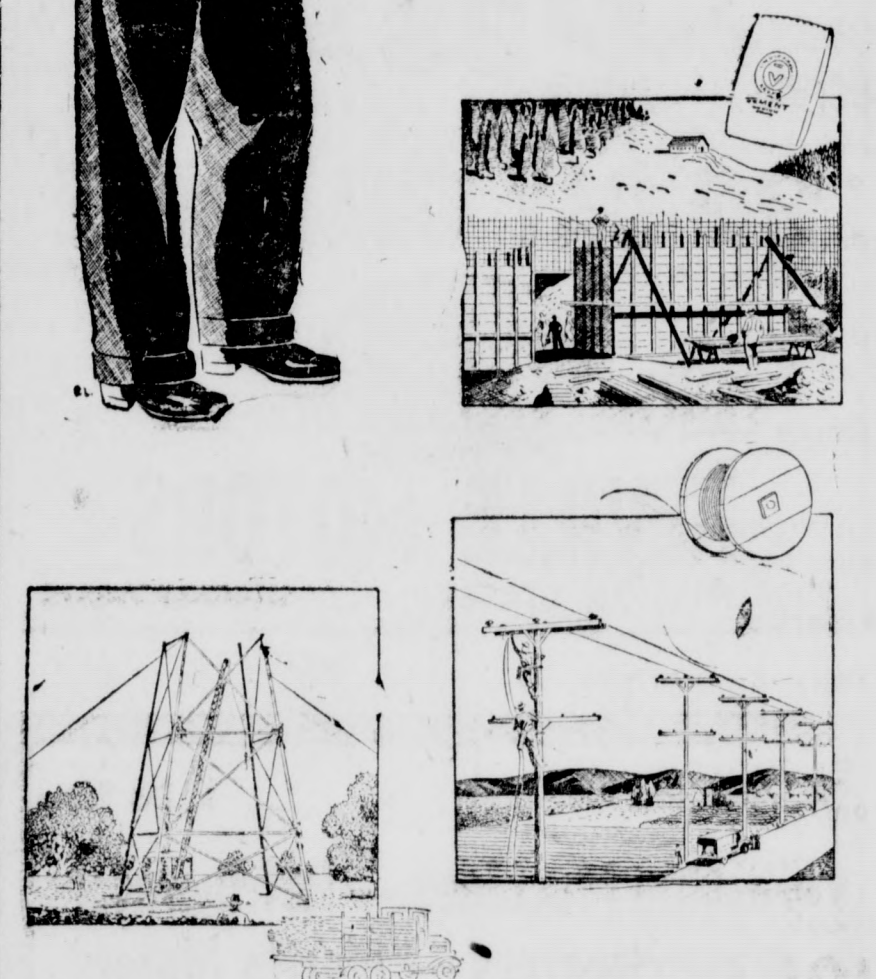

Rainbows can be formed by moonlight just as they are formed by sunlight, according to the Encyclopaedia Britannica, but the colors are very faint and difficult to distinguish.

EARLY RAILWAY

The first public passenger-carrying railway in the world was the Stockton and Darlington Railway, opened September 27, 1825. The passenger traffic was carried by horse drawn coaches until 1833, according to the Encyclopaedia Britannica.

third vice president; Mrs. Vida Herold, secretary; and David F. Supple, treasurer.

Twelve new directors also will take over for 1948 terms. Alex Cutler is chairman in charge of banquet ticket arrangements.

1947 was a busy year of work and accomplishment for this company. Thousands of tons of cement, steel and wire have been set in place by labor in the field on scores of gas and electric projects throughout Northern and Central California.

Great construction projects, such as this company's \$350,000,000 expansion program, begot jobs and spread millions of dollars through many payrolls. More than 1575 new employees were signed on with the P. G. and E. during the past year, while in the two-year period from August 1945 to October 1947 the company's payroll increased by 5845 employees. Private contractors working on P. G. and E. construction have an additional 2340 men in monthly average employment.

And beyond that are jobs in every sack of cement, every ton of steel and every mile of wire that was made or fabricated and handled and stored and unloaded at the job sites.

All of this construction money becomes constructive dollars of local wealth because it is made on the job and paid on the job in hundreds of communities in this area.

The new 1948 series F-8 Ford 3-ton truck with 195-inch wheelbase is the largest truck ever built by the Ford Motor Company. The new 1948 truck line offers a wider range of models and capacities than ever before.

THE NEW 1948 SERIES F-5 FORD 1 1/2-TON, 134-INCH WHEELBASE TRUCK WITH A NINE-FOOT STAKE BODY WAS SHOWN TO THE PUBLIC TODAY BY THE FORD MOTOR COMPANY. THE NEW TRUCK LINE REPRESENTS THE FIRST POSTWAR PRODUCTS OF FORD AND IS OFFERED IN A WIDER RANGE OF MODELS AND CAPACITIES THAN EVER BEFORE, FROM 1/2-TON PICK-UP AND PANEL MODELS THROUGH 2 1/2- AND 3-TON SERIES F-7 AND F-8, THE LARGEST TRUCKS THE COMPANY HAS EVER BUILT.

POLISH CAR REGULARLY
"Polish the car periodically to avoid traffic film, that discolored surface that convinces the motorist that the car finish is gone," advises L. G. Evans, general service manager for National Automobile Club. "It is a combination of oil-laden exhaust fumes and the ordinary dirt and dust that is in the atmosphere. Polishing is a sure preventive."

China Leads Tung Oil Output
China is the chief source of tung oil, which is extracted from tung nuts.

THEY HURT, TOO!
The stinger of a honey-bee continues to bore deeper into the human skin even after the bee itself has been pulled away and the stinger is no longer attached to it, according to the Encyclopaedia Britannica.

15-POUND FLOWER
The largest flower known, the Rafflesia Arnoldi, is produced in Malaya. According to the Encyclopaedia Britannica, this flower measures 18 inches across and weighs 15 pounds, and has an odor like decaying flesh. The flower is the only part of the plant visible above ground.

Elks Have Crowded, Brilliant Social Calendar For Year

The major social event of the year in San Francisco Elksdom's calendar, the annual formal grand ball of San Francisco lodge, No. 3, Benevolent and Protective Order of Elks, will be held Saturday evening, February 7, at the Elks' Club, 456 Post street, Chairman Eugene J. Corbett has announced.

The brilliant function will honor Exalted Ruler and Mrs. George Baader. The ball will take place in the Elks' lodge hall and reception room. Preceding the grand ball festivities, dinner will be served in the Elks' dining-room.

Due to limited facilities of the dining-hall, reservations for the banquet must be made and confirmed prior to the end of January, at the office of Lodge Secretary Arthur J. Mangin.

At the January 16 meeting, special motion pictures will be shown by the lodge social committee. A stag dinner party will precede the meeting, and an inter-lodge bil-

lards series between San Francisco and Berkeley lodges will be started in the billiard room of the San Francisco Elks' Club. A buffet supper will conclude the evening's program.

San Francisco Elks and their families will join in Elks' Night festivities at the Skating Vantages show at the Civic auditorium Sunday evening, January 18. Past Exalted Ruler Henry J. Budde, chairman of the evening, has announced a limited number of \$2.50 reserved tickets for the event available in advance through the social committee at \$1.75 each.

The Elks' advisory board will meet Wednesday evening, January 21, to interview candidates for membership in the next monthly initiation February 6. The board will make its reports on candidates at the January 23 session.

A trainload of Santa Barbara Elks will be guests of the local lodge January 24 - 25, at inter-lodge social, sports and civic festivities. San Francisco Elks and their wives and ladies will take part in a snow pilgrimage to Reno and the High Sierras February 20, 21, 22 and 23. Sam Agosti is tour chairman, and Arthur De Ayala heads the social committee for the trip.

EXCESSIVE SPEED CAUSES ACCIDENTS

"Excessive speed is still one of the most notorious causes of injury and death on our streets and highways," warns Bert Stewart Jr., public safety director for National Automobile Club. "Judicious mo-

torists adjust their driving to varying traffic, road, and weather conditions, and never drive at a speed that will endanger their own lives or the lives of others."

"PURE" RACE

The one human group which can be considered a "pure" race is

probably the Andamanese, who inhabit the Andaman Islands off the coast of Burma. According to the Encyclopaedia Britannica, these people have been isolated for a long period and until recently were not in contact with any other race.

Business Bureau Probes Optical 'Kickback' System

Following announcement by the Los Angeles Better Business Bureau of its campaign against secret "kickbacks" to medical men by optical firms, laboratories and pharmacies, the San Francisco Better Business Bureau revealed today that this matter has been under investigation here for several months.

John G. Levison, president, and Muriel Tsvetkoff, general manager of the local Better Business Bureau, reported today that they have conferred with the various groups involved and considerable progress is being made towards a solution of the local situation.

KEROSENE IN CLEANING

Kerosene, condemned as an agent for cleaning the crankcase or the differential or transmission, still comes in handy for one cleaning purpose, according to the service department of National Automobile Club. If the starter shaft becomes oily and the pinion gear will not mesh, the quickest remedy is to rub it clean with kerosene. The shaft, of course, should not be re-oiled. A humming noise when the starter is depressed is the cue to clean the shaft.

1948 Chevrolet is Massive

The over-all simplicity and massiveness of the new, 1948 Chevrolet is well shown in this three-quarter view of the Fleetmaster Sport Sedan. Fenders, hood, body and door panels all blend; and the crease moulding, below the windows, is wider than that used in previous models. Note the new T-shaped chrome center bar on the radiator grille.

Seward Peninsula Now Open For Air Mail Freight

Postmaster William H. McCarthy announced today that effective January 15, 1948, the restrictions placed on the movement of mails in the winter time to a number of post offices in the Seward Peninsula area of Alaska will be amended to permit the sending by air mail of all mail bearing postage at the air mail rate of 5 cents an ounce.

In announcing this new service, Postmaster McCarthy stated that the great expansion of air facilities to Alaska makes it possible and most desirable from a postal service standpoint to give to the people who live in the Seward Peninsula the advantage of improved mail service which they can receive through the medium of air transportation.

It was pointed out that up until now, during the winter months from November 1 to April 1, due to extreme difficulty in securing adequate transportation, the movement of mail to post offices in this area was restricted to letter mail.

WARNS AGAINST CONTRACT FRAUD

Operators of beauty salons, lunch counters, cocktail lounges and other establishments were warned by the Better Business Bureau today to be on the lookout for one E. Palmer, who is allegedly collecting cash in advance for leather stool and seat covers.

Palmer falsely claims to represent the International Cushion Company, of Chicago. The firm advised the Better Business Bureau that Palmer is not authorized to represent them.

He is described as approximately fifty years of age, thin, tall, gray-haired, dark complexion, weighs 190 pounds.

Job-Hunting Class Offered At Horace Mann Adult Center

A new course in "job-hunting techniques" or "how to find the right job" will start Monday, January 19, at the Horace Mann Adult Center, 23rd and Valencia streets, Robert F. Gray, principal, announced today.

Topics to be covered are: planning a job-hunting campaign, self-analysis, selling oneself to a prospective employer, aptitude and ability testing, interviewing techniques, how to fill out application blanks, and letter-writing techniques.

This class will meet Monday,

REMOVES A FIRE HAZARD

Burn the greasy rags that have been used in working around the car, advises National Automobile Club. Don't leave them lying around the garage. They constitute a serious fire hazard.

Tuesday, and Wednesday for four weeks (twelve sessions) from 7 to 9 p. m. A second cycle will start February 16.

Thomas Nesbitt, vocational counselor in the Veterans' Administration guidance program and former director of the vocational guidance program at Portola Junior High school and Continuation school, will be the instructor.

This course, as well as others, is offered free of charge by the San Francisco Board of Education. For further information telephone HEmlack 1-4899.

NEWS FROM THE SCHOOLS

CROCKER

The following people in the high sixth and low seventh grades spent a part of their Christmas vacation out of town:

Nickie Hitchiner and Phyllis Rather, in Los Angeles; Robert Stone in San Jose; Donald Pike in Martinez, and Alfred Perry in San Geronimo.

Of the low seventh and high seventh grades, Arleen Pool and her family drove up the Redwood highway to spend a part of the holidays with her grandparents in Eureka.

Norma Van Der Werff and her family spent Christmas in Monterey.

Donald Smith of the low fifth grade transferred to a school in San Francisco.

In the high fifth and low sixth grades, we are now studying about our southern neighbor, Mexico. We are anxious to learn about their customs, foods, holidays and clothing. We believe that the only way to be friends with any foreign country is to understand its background.

Donald Carter, of the high seventh and low eighth grade classroom, spent the Christmas holidays in Los Angeles. He made the trip by train.

WOODROW WILSON

The seventh grade has learned that primitive man found that he could live more easily in fertile lands than elsewhere. So it happened that the fertile valley of the Nile river was settled. The word Egypt means "Black Country," and the class is learning that geography plays an important part in early settlement of people.

The students of the high sixth and low seventh are completing their study of Mexico with special reports on topics of importance and interest.

The fifth grade boys and girls are studying about the river systems of California. They are especially interested in the large dams and their production of electricity as well as their conservation of water.

After our long holiday vacation, we are back at school and work again. We are now studying Mexico in the sixth grade. Many interesting things are seen south of the border such as sombreros on men and rebozos on women. The fifth grade is studying the western part of the United States.

We live in this section, but the climate and work are very different from place to place. We have just made a map showing many of the rivers in this region. We have exchanged our readers and have completed our first assignment.

The boys and girls of the fourth grade are drawing a large mural of a scene in an early California mission. The pictures show Mission Dolores with scenes of the Indians engaged in some of the daily tasks. The picture is drawn with chalk and will be painted with calamine.

The pupils of the high third and low fourth grades have continually been studying about cattle ranches. They are learning about the life of a cowboy in the United States, and also the life of a South American cowboy who is called a gaucho, and the plains are called pampas. The pupils of the low fourth grade are learning of the missions sent to early California harbors and when the Spanish Californians lived.

Jefferson school, like all others, is on the last day of the fall semester. It is the time of the year when finishing touches are put on the term's work, reviews are in order, past months are looked upon in retrospect, and final tests are in progress.

As work is evaluated, there is the anticipation of promotion for some, and for others, the decision that their future will best be served by repeating the work, and thereby gaining for themselves a stronger foundation to serve them in the years to come.

In addition to the above, members of the eighth grade are preparing for the pageant which they will present for their graduation.

At this month's meeting of the Colma Parent Teacher Association, the children in the high first and low second grades gave a program. The first number was "America," sung by the group and accompanied on the piano by Gary Clark of the high first grade. This was followed by a group recitation, called "The Woodpecker." Janet Bruno, Diane Impeatrice and Gary Clark sang "My Morning Song." The group finished the program by singing, "Copying Mother" and "My Humming Top."

With the fall term nearly over, the kindergarten children are looking forward to the few weeks before promotion. The children in the morning class are working

hard to get stars in all the spaces of their achievement charts. The afternoon class has learned very much from the social experience of being a member of a large group. The squares on their charts are showing an increasing number of stars as they are learning to do these seemingly simple acts. Being able to tie one's shoes, pull on gashaws and to tell one's name and address is quite an accomplishment.

After the happy holidays are over the children in the high first and low second grades will make a calendar for the month of January.

They will also have an opportunity to read and discuss the seasons of the year, thereby learning some simple geographic facts about the earth on which they live.

These they will then write in simple form for their social studies lessons.

"Show and Tell Time" will have a new significance to the second graders when they show special gifts received and tell of the fun they had during Christmas vacation.

The children are interested in the earth and have been experimenting and learning of the pull of the earth on objects.

The low third grade is busy this week trying to get their notebooks put together before Christmas. When they studied "Clothes of the World," the whole class contributed to one big class notebook, but in studying Indians, we decided to let each child make one for himself. Everyone is trying hard to have the nicest notebook.

The spirit of Christmas was very evident in the high third and low fourth room. The children made room decorations and Christmas cards for their parents and friends. Ronald Casentini very kindly brought a Christmas tree so that all could enjoy it. Christmas carols were sung by the pupils and some of the carols were played by Lowell Klaisner, Sandra Stanghellini and Ronald Casentini.

READING, 'RITING, 'RITHMETIC AND SAVING

Secretary of the Treasury John W. Snyder inspects in his office an exhibit of some 50 school textbooks which contain material on United States Savings Bonds. "As much as anything could, this convinces me that saving through bonds has become a part of our national economic life," the Secretary commented. "The first textbook I ever saw with Savings Bonds material in it came to my desk only last March—an arithmetic with three pages of examples and problems in figuring the interest on Savings Bonds. That textbook publishers have since then included bond material in more than 80 editions of arithmetic, history and civics texts stands out in my mind as a proof of the way the Savings Bonds program is interwoven into the everyday life of the American people."

Card of Thanks

Hoag, George Herbert

We wish to express our sincere thanks and appreciation to our many friends and neighbors for their expressions of sympathy and also for the beautiful floral offerings in the loss of a loving husband and father. We especially thank the Rev. Walter Subke and W. C. Lasswell.

DODGE

...NOW GIVES YOU SUPER-CUSHION TIRES

Dodge now adds again to the super smoothness of its vehicle performance by adopting the new Goodyear Super-Cushion Tire. This is another "main event" in the evolution of the Smoothest Car "Afloat." It is a further advance, for all Dodge buyers, into that new world of riding and driving experience—already pioneered by Dodge Floating Power, All-Fluid-Drive, and Full Floating Ride.

OFF THE BLOTTER

A number of petty thefts—some even comical—were handled during the past week by officers of the Daly City Police Department.

On January 7, police were notified of the theft of a mail-box post from in front of the Kramer home, 168 Hillcrest drive. Mrs. Kramer said someone had pulled the post from its mooring and carted it away.

Another puzzling theft occurred the same day at the home of Grace Ruxton, 251 Winchester street. Mrs. Ruxton said a thief had entered her garage, and syphoned both gas and oil from her automobile.

Ruby Williams, a clerk at the Mission street 5 and 10 Cent store, reported to police Monday that a small boy, seven years of age or thereabouts, had made off with a holster, gun and belt Saturday afternoon. She was unable to catch him, she said, as she was busy at the time.

Local police, as always, spent a good deal of their time handling accident and hospital cases this week.

Mrs. M. MacArthur, 77, 87 Rico street, San Francisco, was taken to Junipero Serra hospital for treatment Tuesday after she had been struck by a station wagon backing out from a parking place on Mission street. Driver of the vehicle was Bert James Wellman, 15 Pearl street, San Francisco.

A seven-year-old boy was treated at the hospital for head injuries when his father's car, in which he was riding, stopped suddenly at the corner of Hillcrest and Mission, throwing him against the windshield.

Mrs. Carolyn Camillo, 23, 28 Knowles avenue, was treated by Dr. Lawler A. Drees after she had swallowed iodine as the result of an argument with her husband.

Richard V. Johnson, 6925 Mission street, was cited for violation of the hill-hold ordinance, and his young daughter was taken to Junipero Serra hospital by a passing motorist, Monday, when his car rolled down the hill from its parking place in front of 121 Hillcrest drive, smashing into a pole. The girl had been sitting in the parked car.

Police provided transportation to Junipero Serra hospital for C. B. Hatchel, who had suffered a welding burn while working at Hunter's Point.

O.L.P.H. MOTHERS WHIST PARTY, LUNCHEON, FEB. 3

Two new members were introduced into the Mothers' Club of Our Lady of Perpetual Help school last Friday at a meeting in the school auditorium.

Mrs. Dorothy DeLeuw and Mrs. Wilson were inducted into the group.

Extensive plans were made for the coming luncheon and whist party to be sponsored by the club February 3. It will be held in the school auditorium at 1 p. m. under the direction of Mrs. Dorothy Brush, whist chairman, and Mrs. Isabelle Liberti, luncheon chairman. Mrs. Tess Sullivan will assist Mrs. Brush, while luncheon committeemen will be Mesdames Mildred Barone, Betty Brush, Marian Balistreri, Jo Landola, Lee Miller, Cleo Rodriguez, Sue Schroeder, Mildred Sims and Dorothy Stone. The clubwomen also planned to attend church in a body, January 25, and take communion at 8 p. m. mass. They will be guests of the Holy Name society at breakfast, after mass, in the school cafeteria.

New Dodge Trucks Now On Display At Carl Haas Motors

A completely new line of Dodge "Job-Rated" trucks comprising 248 basic chassis models ranging from 4250 to 23,000 pounds gross vehicle weight and up to 40,000 pounds gross train weight was announced today by L. F. VanNortwick, director of truck sales of the Dodge Division, Chrysler Corporation.

Some models of the new trucks will be displayed starting January 7 by Carl Haas Motors in Daly City.

A combination of massive strength and smoothly flowing lines is the keynote of styling for the new trucks. They were designed to combine appearance with comfort, safety, performance, economy and ease of handling.

Front axles have been moved back and engines have been moved forward to place more of the gross vehicle weight on the front axle and provide better weight distribution. The wheelbase for conventional models through the 2-ton has been reduced eight inches, while the 2½- and 3-ton models have been reduced six inches. The new trucks have been engineered so that despite the shorter wheelbases, the cab-to-axle dimensions remain practically unchanged, making it possible to use the same length bodies as before.

New ease of handling and driving has been provided by the shorter wheelbases and wider tread front axle, together with cross steering, which is a new feature on all conventional cab models. The cross steering permits a 37-degree turning angle both right and left. Drivers now can park or back into alleys or up to loading platforms with much greater ease. Road shock through the steering wheel is greatly reduced by the cross steering, which has the drag link running parallel with the front axle.

Standard, de luxe and custom cabs provide more room, more visibility, more safety, and more comfort for the driver. Seat width has been increased to 57¼ inches to permit three large men to ride without crowding. The chair-height seats provide leg support under the knees and can be adjusted seven inches. The nature of the chair-height seats is adjustable for maximum comfort.

The seat cushion utilizes air in combination with coil springs to provide comfort. A hand control allows the driver to adjust cushion buoyancy to his weight or road conditions.

Comfort in any season or weather is provided by an all-weather heating and ventilating system which is an ingenious combination of truck heater, defroster vents, vent windows, cowl ventilator, and fresh air intake.

De luxe and custom cabs have what is termed "360-degree vision" through increased glass area and installation of rear quarter windows. Windshields and windows of the new "Pilot-House" cabs are higher and wider, adding to vision and safety. Drivers can enter or leave the conventional cab easily from either side since the gear shift and emergency lavers have been moved forward to give clear floor space from door to door.

Conventional models can be road-serviced from the left side as the fuel tank, oil filler, radiator filler, and battery are so located. Dodge has seven different engines to handle the power requirements of its new line. Numerous engine improvements have been made.

Braking systems are larger and improved. Front and rear axles

Relief Home Head To Buy Tractor

Dispute over the 16-horsepower tractor at the county relief home underwent still another development last week with announcement by Benjamin G. Kost, relief home superintendent, that he would purchase the machine with his own funds.

Charging that the county executive and the board of supervisors were making a "political football" of the question, Kost surprised all parties involved with his announcement. Last Thursday he borrowed \$550 on his personal credit from a San Mateo bank, directing the borrowed funds to the equipment firm which is suing Frederick Peterson for return of the tractor.

George Keyston, spokesman for a group of farmers who last week voiced protest to the county executive's purchase of the tractor, later said that Kost's action would not close the issue. The farmers were opposed to keeping the tractor for servicing the relief home's three-acre garden, while it could be used for 100 acres in commercial farming.

"Tractor sales have been extremely limited," they charged, "and Peterson's purchase of that tractor has sabotaged the national food program."

Kost, however, was determined to keep the machine at the relief home, for maintenance of its vegetable garden; for hauling garbage and other heavy tasks.

"I need that tractor," he declared, "So long as nobody sees fit to buy it, I'll do it myself."

O.L.P.H. Monthly Whist Party To Feature Other Games, Chairmen Say

The monthly whist party of Our Lady of Perpetual Help church scheduled for tomorrow night will feature other game attractions as well as whist, according to recent announcement.

Members of the committee for arrangements are Mesdames Garrett Collyer, William Core, Peter Conci, Mary Cummings, Robert Cullen, Agnes Denning, Frank Denning, William Drury, Michael Dwyer, A. Davis and Joseph Dolan.

Other groups assisting with the party will be the Mothers Club, the Holy Name Society and the Kateri Club.

have increased load-carrying capacity. Front springs are longer. Radiator cores have been redesigned to facilitate better cooling. Exceptional improvements have been made in frame construction.

Governor Accepts Invitation To Coloma's Gold Discovery Festival

GOLDEN OPPORTUNITY—Little Jim Farley, grandson of a former California Senator, demonstrates to Governor Earl Warren how his pioneer ancestors panned for gold and invites the Governor to attend the first of California's three-year program of Centennial celebrations, the Discovery of Gold at Coloma, El Dorado County, on January 24, 1948. Governor Warren accepted with pleasure, saying, "There is much to inspire us in the celebration of these events, for they bring to mind vividly the progress which we have made during the last one hundred years."

Baby Granddaughter Is Christmas Gift

Mr. and Mrs. Daniel Johnson of Daly City were presented with a unique Christmas present this year—a new granddaughter, born to their son and daughter-in-law on Christmas Day.

The baby, named Shiela Johnson, weighed seven pounds, five and a half ounces, at birth. Her parents are Mr. and Mrs. Ted Johnson of 953 Hanover street.

The baby was born at University of California hospital, elson.

MRS. LUFRANO FETED AT BABY SHOWER

Mrs. Rose Lufrano was guest of honor last Friday at a baby shower given by Mrs. Pat Schultz and Miss Marian Lufrano at the former's home on Parkview.

Decorations were pink and blue. Supper was served buffet style.

Present to honor Mrs. Lufrano were Mesdames F. Pastorno, A. Krohn, G. Lucia, M. Lucia, M. Morrison, M. Sylvestri, A. Lufrano, R. Lufrano, J. Crudo, L. Caco, A. Albeca, M. Cirinele, Y. Potter, and Misses D. Cockrane, and L. Tork-

Neville Motors Announce New Line Of Ford Trucks

A new line of Ford trucks is being shown to the public for the first time today by Ford Motor Company dealers throughout the nation. The streamlined 1948 models, completely new from the wheels up, represent the first post-war product of Ford.

J. D. Ball, director of the truck and fleet sales department, said the new trucks are notable for an unprecedented range of models and capacities as well as many engineering changes.

Two new series—F-7 and F-8—are the largest ever manufactured by Ford. They have maximum gross vehicle weights of 19,000 and 21,500 pounds, respectively. Another new series is the six-cylinder cab-over-engine model.

Three new power plants are available for the new trucks—a 95-horsepower six-cylinder engine, a 100-horsepower V-8, and a 145-horsepower V-8.

The new trucks are attractively styled without losing ruggedness necessary for good performance and long life. Radiator grille and headlights are recessed in a functional pattern in the modern front end which contributes to massive appearance and gives added protection.

Greater front end strength has been achieved through improved sheet-metal suspension and heavier construction. Fenders are heavier, wider and of a new design which provides greater tire clearance. Another design advancement is a heavy channel-steel front bumper attached directly to extended frame side rails. The bumper is, in effect, an extra cross member providing greater rigidity and impact strength.

Driver comfort is one of the first considerations in the new trucks. Advanced cab design provides living room comfort with more space and better ventilation.

The new cabs provide up to seven inches greater width and also more headroom. The door has been

moved forward to provide better clearance when leaving and entering. Weather-proofing has been improved and the hardware is heavier.

A one-piece windshield provides increased visibility. The rear window has been enlarged. Other cab improvements include new coach-type seats with improved cushions, ash tray, dispatch box, sun visor and a three-way air control system.

The complete line of 1948 trucks includes: The nominally rated half-ton series of 114-inch wheelbase with a deluxe delivery model and standard pickup, panel and stake bodies; three-quarter ton regular and heavy-duty series, 122-inch wheelbase with express and stake bodies; one-ton, 134-inch wheelbase series with stake body and single or dual rear tires available; one and one-half-ton heavy-duty series with 134 and 158-inch wheelbase.

One and one-half-ton heavy-duty cab-over-engine series with 110, 134, and 158-inch wheelbase; two-ton heavy-duty of 134 and 158-inch wheelbase; 30 to 36-passenger
